After opening the season with an impressive win over Unity, the Bears came upon some hard times. They couldn't find that same combination. To make matters worse, the Bears were hit with an unbelievable amount of injuries. They lost a number of key players and they were replaced by unexperienced underclassmen. But the Bears never gave up and they played an outstanding game against Rice Lake in the last game of the season. Next year we will miss this year's Seniors. They are outstanding young men and we hope them the best in the future. Jim Brinker was named to the HON All-conference team as the starting quarterback. Pete Bronken, Steve Schultz, and Rick Vergin were named to the honorable mention team.

FROSH FINISH UNBEATEN

The freshman football team finished a very successful season staying undefeated, compiling a 4-0-2 record. Defense was the key for the Cubs as they continually would not yield yardage to the opposition. The offense scored 86 points, with the defense allowing a stingy 28 points for the season.

The coaching staff felt the season was highly successful and that the freshmen have some boys who will contribute tremendously to Barron's football future.
