

The *Barron Bears Football Team* surprised everyone by placing second in the Heart of the North Conference, when they were predicted to end up at the bottom. They ended the season with a 6-3 overall record. The group of young men worked hard to accomplish a great season. The defense had a tremendous year, with the offense improving game by game. The team was led by Brent Borgen as quarterback. Coach Grygiel was very proud of his team and led them on with encouragement and knowledge.
