FINAL RECORD 5-4 FOR THE 1988 SEASON.

From Coach Muller:

"Overall, I was very pleased with the 1988 season. We showed a lot of improvement over my first year as head coach when we finished at 1-8. There were three key reasons why we finished the 1988 season with a winning season. First of all, we had much better attitudes. Our seniors showed some excellent leadership and the rest of the team practiced and played like a football (winning) team should. The second reason for our success this season was our work ethics. We worked every play — every day in practice and for four quarters in every game and the results were our 5-4 record. No one packed it in this season and I was very proud of our team's hard work and enthusiasm to play and to play to win! The third reason for our success was in defense. The kids really worked hard at it this year and we went from seventh place in the conference to third.
