BASD Family Responsibilities

- *Parents/families must not send children to school if they have a fever or are displaying any of the related COVID-19 symptoms. We are asking that families please make plans for daily morning monitoring. Any students with symptoms of COVID-19 should not attend school:*
 - *Cough, shortness of breath, fever, chills, sore throat, runny nose, muscle pain, headache and new loss of taste or smell*
 - *When in doubt, please keep your child home and consult with your family physician.*
 - *Backpacks and school supplies should be cleaned frequently.*
 - *Parents and visitors, in general, are encouraged to limit entry into our school buildings, unless essential.*

Thank you so much for your attention to these guidelines!

- If the School District receives notice that any individual who was present in any District facility or property has contracted COVID, it will be documented according to our district pandemic plan, result in temporary building or property closure, and a deep clean will be performed. We will take all measures possible in order to not disrupt instructional school hours.
- Notice of COVID cases that involved presence in any District facility or property is mandated to be reported immediately to:

Barron County Public Health--715-418-1748

Email: **covid19@co.barron.wi.us**

(Barron County reporting is available 24/7, and they will notify Dunn County if necessary)

- We know that we and others cannot stop the spread of COVID-19. The best the District can do is to mitigate the risk of exposure in the school setting. We cannot state that by re-opening our schools we believe our classrooms are safe from exposure to COVID-19. However, our plans are developed based on the idea that we can mitigate, not eliminate, exposure to the coronavirus. You, as a parent, need to decide if you are comfortable sending your child to school based on the safety parameters we are establishing.
- If a staff member, student or participant is diagnosed with COVID, they will be required to provide written documentation from the public health indicating they are off isolation prior to re-entry.
- The Barron Area School District reserves the right to update or change any of these guidelines or operations as determined necessary based on the evolving situation and DHS guidance.

WHEREAS, on July 26, 2020, the President's COVID-19 task force recommended that Wisconsin consider adopting a statewide face covering requirement due to the increasing number of confirmed COVID-19 cases;

WHEREAS, face coverings are a proven, effective way to slow the spread of COVID-19 without having a significant impact on people's day-to-day lives;

All Americans have a responsibility to protect themselves, their families, and their communities";

WHEREAS, published scientific research has shown that the probability of transmission during exposure between a person infected with COVID-19 to an uninfected person is 17.4 percent if face coverings are not worn, and 3.1 percent if face coverings are worn;

WHEREAS, modeling by the University of Washington's Institute for Health Metrics and Evaluation estimates that a face covering requirement in Wisconsin could save more than 500 lives by October 1 if 95 percent of Wisconsinites wear a face covering in public;

WHEREAS, states across the nation have recognized the importance and effectiveness of face coverings, with 31 states implementing requirements for face coverings in different settings, including: Alabama, Arkansas, California, Colorado, Connecticut, Delaware, Hawaii, Illinois, Indiana, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, Nevada, New Jersey, New Mexico, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, Texas, Vermont, Virginia, Washington, and West Virginia;

WHEREAS, “Our Constitution principally entrusts ‘[t]he safety and the health of the people’ to the politically accountable officials of the States ‘to guard and protect.’” *S. Bay United Pentecostal Church v Newsom*, 140 S. Ct. 1613, (Mem)-1614 (2020) (quoting *Jacobson v. Massachusetts*, 197 U.S. 11, 38 (1905));

WHEREAS, Section 323.12(4)(b) of the Wisconsin Statutes authorizes the Governor to issue “such orders as he or she deems necessary for the security of persons and property” during an emergency; and

WHEREAS, based on input from state and local public health officials, medical professionals, and business leaders, I have determined that a statewide face covering requirement is necessary to protect persons throughout the State of Wisconsin from COVID-19.

NOW, THEREFORE, I, TONY EVERS, Governor of the State of Wisconsin, by the authority vested in me by the Constitution and the laws of this state, and specifically Section 323.12 of the Wisconsin Statutes, hereby order the following:

- b. In accordance with CDC guidance, the following individuals are exempt from the face covering requirement in Section 2:

Local governments are strongly encouraged to continue or create COVID-19 protocols to ensure the health and safety of their staff and individuals in their care.

4. LEGISLATURE AND JUDICIARY. State facilities or offices under the control of the Wisconsin State Legislature or the Wisconsin Supreme Court are exempt from this Order. The Wisconsin State Legislature and the Wisconsin Supreme Court may establish guidelines for face coverings that are consistent with the specific needs of their respective branches of government.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great seal of the State of Wisconsin to be affixed. Done at the Capitol in the City of Madison this thirtieth day of July in the year of two thousand twenty.

TONY EVERS
Governor

State of Wisconsin

Why are face coverings required?

Cloth face coverings (or face masks) are recommended by the Centers for Disease Control (CDC), the Wisconsin Department of Health Services (DHS), and healthcare professionals as an easy way to help prevent respiratory droplets from traveling into the air and onto other people when the person wearing the cloth face covering coughs, sneezes, talks, or raises their voice.

Rates of COVID-19 have significantly increased in Wisconsin as more people return to work and have more interactions in public. Wearing face coverings is the simplest way to slow and prevent the spread of COVID-19 virus without requiring people stay in their homes.

When do I need to wear a face covering?

You need to wear a face covering whenever you are indoors or in an enclosed space, other than a private residence, and other people are present in the same room or space. For example, you must wear a mask while you are shopping in a store or using a taxi.

When do I *not* need to wear a face covering?

You do not need to wear a face covering if:

- you are at a private residence;
- you are outside; or
- you are indoors and no one else is present.

You can also remove your face covering in the following situations:

- When you are eating or drinking.
- When you are communicating with someone who is deaf or hard of hearing and you cannot communicate while wearing a mask.
- While sleeping (e.g., firefighters sleeping at a fire station).
- While swimming or being on duty as a life guard.
- When you are giving a religious, political, media, educational, artistic, cultural, musical, or theatrical presentation for an audience, so long as you have at least 6 feet between you and other individuals.
- When you are working if wearing a face covering poses a safety risk, as determined by government safety guidelines or regulations.
- When you need to temporarily remove your face covering to confirm your identify, such as entering a bank, credit union, or other financial institution or when having to show that you match your identification card when buying alcohol.
- When engaging in activities where federal or state law or regulations prohibit wearing a face covering.

Do I need to wear a face covering indoors, even if I can physically distance from other people at all times?

Yes, you need to wear a face covering indoors unless you are at a private residence or you're the only person in the room.

Do I need to wear a face covering when I exercise?

It depends on where you are exercising. You do not need to wear a face covering if you are exercising in a private residence or outdoors. For example, you do not need to wear a mask if you are riding your bike on a trail. But you do need to wear a face covering if you are exercising indoors or in an enclosed space and other people are present, such as a gym, a cycling studio, or hotel workout room.

Do I need to wear a face covering when eating, drinking, or sleeping in indoor places other than my home?

No. But you must put your face covering on again when you are done with these activities. For example, while you're waiting for your table or waiting for a server to come take your order, keep your mask on. This includes outdoor restaurant and bar areas.

I have a medical condition that prevents me from wearing a face covering. Do I need documentation to prove that I don't need to wear a face covering in public?

No. You are not required to carry documentation to prove that you do not need to wear a face covering in public.

Does this order apply to private residences that are also used for business activity, such as a massage therapist who operates out of their home?

No, the order does not apply to private residences.

Where can I get a face covering?

You can make a face covering. The CDC provides both [sew](#) and [no-sew](#) instructions.

You can buy a face covering from a store, including online stores.

Also, many communities have programs where individuals can get a face covering for free. Check your neighborhood groups and community organizations for such programs.

Can I wear a face shield instead of a face covering?

No. A face shield does not provide the same protections as a face covering. You are free to wear a face shield *in addition* to a face covering. But a face shield cannot be used in place of a face covering that would otherwise be required by this order.

There may be situations where a face shield can be used instead of a face covering if you are engaging in work where wearing a face covering would create a risk to you, as determined by government safety guidelines, or if you are engaging in activities where federal or state law or regulations prohibit wearing a face covering. But that will depend on the specific government safety guidelines.

Are face coverings required inside businesses and office spaces?

Yes, unless an exception applies.

Do I need to wear a face covering when in my car, in a ride-share service, or on public transportation?

The only time you need to wear a face covering in your own car is if you're traveling with people from another household. You have to wear a mask if you're using a ride-share or on public transportation.

Where can I get more information on how to wear a face covering, safe practices for putting it on and taking it off, and when to wash face coverings?

The Wisconsin Department of Health Services (DHS) has information on its website on wearing, cleaning, and making face coverings (<https://www.dhs.wisconsin.gov/covid-19/protect.htm>). Additional information can be found on the US Centers for Disease Control (CDC) website (<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover-guidance.html>).

Will businesses be required to provide face coverings for their employees or customers?

No. But many businesses may decide to offer face coverings to employees or customers and are encouraged to do so.

How will the face covering order be enforced?

Local and state officials may enforce the order. Violating the order may result in a civil fine up to \$200.

What do I do if I see someone not wearing a mask, even though they should be?

Nothing. Some people have conditions or circumstances that would make wearing a cloth face covering difficult or dangerous. Just wear your mask and stay six feet away.

What do I do if someone is harassing me for wearing a mask?

No one should have to endure harassment, for any reason. Contact your local law enforcement.

What if the town or city I live in already has a face covering or mask order?

The Governor's order sets a minimum bar. If your local government has stricter requirements, those requirements must be followed.
