A monthly publication of the Barron Area School District

April 2018

## Exciting Changes in English Learner Services

Our district has a solid reputation of meeting the needs of all students as recently evidenced by the National Blue Ribbon Award for closing gaps in student achievement at Woodland Elementary. Our outlying buildings also do an exemplary job of educating students; Almena has received multiple "Beating the Odds" awards from the state of Wisconsin, and Almena "significantly exceeds expectations" on its state report card.

With recent hires of two additional English Learner (EL) teachers for our elementary students, we will be able to serve our EL population at Almena as well as Woodland. For the past few years, non-English Learner students have been bussed from the Barron area to Almena Elementary to reap the benefits of an outstanding education. Now, we can share the diversity our district offers and better balance our class sizes district-wide.

Elementary Principal Jennifer Clemens will be at the A.C.E. meeting on Tuesday, March 13th at 4:30 p.m. at Almena Elementary if you would like more information. Having English Learners at Almena is a win-win situation for our students and staff!

## Donations Requested For Barron High School's Environmental & Community Service Day Wednesday, May 2nd (Rain Date May 9th)

Local organizations and/or individuals are encouraged to donate supplies for Barron High School's Environmental & Community Service Day that has been scheduled for May 2nd (rain date May 9th). On this day, high school students and staff venture out into the communities of the Barron Area School District to provide service to the local communities. In the past, students have raked, painted, cleaned, constructed, educated, planted and entertained. Donations of work gloves, sunscreen, bottled water, plastic gloves, rakes, pruning shears, and monetary donations are welcome!

For more information or to make a donation, please contact Brenda Haag, 537-5627, ext. 186, or Michele Thome, ext. 143.

**Mission Statement:** To ensure all students reach their dreams while making a positive impact on the world.

The Barron Area School District does not discriminate on the basis of race, creed, color, national origin, age, sex, or disability.

**Congratulations** to the Barron Bear Ice Team who took 10th out of 78 teams at the Wisconsin Interscholastic Fishing Association State Tournament held in Minocqua, WI. The team took to the ice at 5:30 a.m. and fished hard. They ended up with 131 inches of walleye and northern to seal the 10th place finish, which allowed them to bring home some hardware.

The team members are as follows, front row, left to right: Ethan Donica, Austin Williams, Andrew Williams, John Hewitt, Isaac Mullikin. Back row: Advisor Keith Romsos, Grant Stabenow, Connor Romsos, Caleb Williams, Wyatt Boe, Ben Shatley, Hunter Nelson, Wyatt Workman, Lucas Stafford, Austin Stabenow, Advisors Jeff Stafford and BJ Williams. Other Advisors not pictured: Jeremy Boe and Jason Shatley.

*Connor Romsos holding one of the tournament-winning walleyes. Romsos was the MVP of the team, catching many of the scoring fish.*

*Wyatt Boe added bonus inches with his catch of a Northern Pike.*

## District Administrator Update

### Academics and Curriculum

This month was full of team meetings and data discussions, allowing us to make data-driven decisions in our instruction. Time spent on this helps us personalize learning and meet all of the academic needs of our students.

Our Juniors successfully completed ACT Exams this past month, and those results will be summarized on our state district reports cards this coming fall. The next state-wide assessment is the Wisconsin Forward Exam for grades 3-8 and 10. This testing window is from March 19 through May 4.

Our 7th graders completed their Winter Survival unit this past month, which ended with a successful trip to Camp Phillips. Thank you to all teachers for the dedication and commitment to organize this awesome event.

*Superintendent Tremblay learns what it takes to prepare for survival at Camp Phillips*

We are currently taking a careful look at our needs for our in-house driver's education program. With Dave Vruwink planning to retire this year, we now have very big shoes to fill. We are grateful for the years that Mr. Vruwink committed to teaching our students how to drive safely. Our goal is to do everything we can in order to keep this program in-house and affordable.

### Community and Parents

I hosted our HON Superintendent's monthly meeting this past month. This gathering included a tour of our new facility. There were many photos taken and a second tour was requested when our phase two is complete. They were wowed!! Anyone that would like a tour of our new facility, please feel free to call Central Office to schedule with me.

I would like to let everyone know about this special agreement coming out of Madison:

**Bucky's Tuition Promise Agreement:** Chancellor Blank made a major announcement this month that firmly demonstrates the UW-Madison's commitment to access and affordability, particularly for Wisconsin residents.

Bucky's Tuition Promise (BTP) commits to providing some of our most financially vulnerable students and families with the opportunity to attend UW-Madison without concern of the cost of tuition and segregated fees. We feel that one of the best parts of this new initiative is the clarity and simplicity of the criteria and commitment--if an incoming student's household adjusted gross income (AGI) is less than or equal to \$56K, we'll ensure that tuition and segregated fees are paid with gift aid (i.e. scholarships and grants).

### Extracurricular

At regionals this past month six wrestlers advanced to Sectionals in Amery. Will Waldofski, Tristan Massie, and Jackson Massie took 1st at Regionals. Alex Cox and Zach Miller took 2nd at Regionals. Chase Peltier took 3rd--but due to an injury to the 2nd place finisher, he was able to compete. At sectionals Tristan finished second and Will finished first. Due to this, our athletes competed at the Wisconsin State Wrestling Tournament in Madison. We are so proud of them!

Tristan Massie was also awarded with the honor of "Wrestler of the Year in the HON Conference". Congratulations go out to Tristan!

I had the honor of joining our Montessori program this past month as we participated in the Barnebirkie ski race in Hayward, Wisconsin. The students and parents were wonderful, and I enjoyed watching our students cross the finish line and receive medals.

Hockey season ended in the first round of WIAA tournament play. The Icemen faced some tough teams this season, and I look forward to watching them grow and win again next year.

Our girls' basketball season ended in Hayward this past month with a hard-fought battle against the Lady Canes. The boys' basketball team hosted Somerset on February 27 in the first round of the WIAA tournament play and we had a tough loss, but a great season.

We had two of our middle school students, Madeline and Teagan Mickelson, receive the ratings of A+, A and A- in their three rounds of a level 2 forensics meet in Eau Claire this last month, which brought them a Blue-First placing!

*Superintendent Tremblay accompanies our Montessori program for some Barnebirkie Fun!*

Congratulations to Syd Frandsen and Melissa Yahr who competed in Colfax at the Forensics Sub-District competition. Their play-acting piece entitled, "Chair Wars" received scores high enough to qualify them to go to the District Forensics Competition in Menomonie on March 17th!

Congratulations to the 1st Ladies of DI - (Destination Imagination) for taking first place in the regional competition in Osceola! Kiara Hardina, Mikayla Eraquam, Hallie Jerome and Iris Shipley will be heading to state competition in Stevens Point on Saturday, March, 24th!

### Facilities

Phase 1 of our building project is nearing completion. Maintenance and Technology staff have been moving equipment, and we have begun instruction in the new facility during our final trimester. We had a few slow downs with subcontractors, but we are being patient and flexible throughout this process. We are very fortunate to be able to provide this upgraded 21st century classroom for our students. In addition, we have received state approval for Phase 2 of our project. This phase will include our choir, band and agriculture facilities.

### Finance

A grant called the "21st Century Community Learning Center" was completed and submitted on February 9, 2018. If we receive this grant, it would assist us in the after-school program through the Boys and Girls Club at the Riverview Middle School. This was written for \$115,000 each year for five years. Our district would be administering this grant program. Awards will be presented later in the spring.

### Food Service

Our food service staff organized a beautiful staff lunch, as we gathered together during our staff talent development day this past month. A big thank you to our food service staff!

### Pupil Services

Our Mental Health Consortium has made the decision to begin our program for the 2018-19 school year. Taking every opportunity to address mental health is a priority that we take very seriously in our district. If anyone would like to know more about this program, please feel free to call and set up a meeting with me to discuss the potential of this program.

### School Board

I have been working hard with our Board of Education these past few months in order to adopt new district policy with legal guidance through a company called NEOLA. Our goal is to have policies on-line and easily accessible by next fall. We will be posting them on our district website and will link to "board docs" on my administrator's page.

### Staff Talent

Our very own Kristin Hanson is featured in the 2017 Wisconsin FFA Annual Report. It was a year of accomplishment for Kristin and our Agricultural program.

All teachers administering the ACT and Forward exams this year have all been trained and we successfully tested all of our juniors this past month.

We had a staff talent development day this past month. Our focus was curriculum, and we introduced our district curriculum project, which will begin with an audit of Golden Standards during our spring staff talent development day. This initiative will allow for reflection, collaboration and planning so we are all on the same page for what we want our students to accomplish in each course and discipline.

*Administration celebrating Dr. Seuss's Birthday*

Diane Wilcenski, Executive Director from Wisconsin Retired Educators Association, presented to our staff this past month.

Our ELA staff (grades 6-8) completed training on My Perspectives. This is the new curriculum that we started as a pilot in late fall and early winter. We are excited for the potential impact this will have on our students' learning.

### Student/Staff Health and Safety

The news in February that came from Stoneman Douglas High School in Parkland, Florida, reminded us how grateful we are for our health, safe environments and happiness. Our minds and hearts go out to all the families suffering loss and trauma from this overwhelming tragedy.

Our district is committed to continuous improvement for crisis management, mental health supports, and most of all, positive relationships with each of our students that walk through our doors and into our classrooms.

### Technology

Our technology department is successfully setting up the new High School construction area including the CADD lab, cameras, door accesses, wireless AP's and so much more. Thank you for all of the hard work!

Our High School is getting set up with Faronics Insight software which helps us simplify and secure multi-user computing environments. It is important to be able to control what our students can access, and we are making every effort to keep them off non-instructional sites. This is an important initiative as we move forward with our 21st Century learning environments.

### Transportation

Katarina House has made our leadership team mindful of an important Special Education informational bulletin concerning the laws governing transportation. We will work as a team to develop our processes and procedures in order to follow due process according to rule.

There are many state laws and regulations that hinder some of our ability to serve families as we would like to. We appreciate your understanding in this area. We are doing our best to continue with past practices but also to move forward under the regulations set for us.

We continue to monitor and collaborate with our busing staff and our administrative team about student behavior on our buses to insure that our students are safe. It is absolutely crucial that our drivers are able to focus on the road, so we are taking student behavior very seriously. Please take time to remind your sons/daughters how important it is for them to stay in their assigned areas and keep noise levels down on our buses at all times. We appreciate all the parent support we can get!

## Spotlight on Staff Golden Bear Award

March 2018

### Sonja Diedrich

Congratulations to Sonja Diedrich, for receiving this award for her work with the Physical Education program for the outlying schools.

Sonja has advocated for the outlying elementary students so they are able to try a variety of sports for Phy Ed, and it is very much appreciated.

She has collaborated between the Almena and Ridgeland parent groups to purchase snowshoes, cross country skis, ice skates, and roller blades for their Phy Ed program. She has this organized to a T and is committed to transferring the equipment from one school to the other so both outlying schools can benefit from these life-long sports.

Her flexibility of traveling to three different schools and maintaining equipment rooms and offices at all three go to show what a "team-player" she really is.

If any of you know Sonja, she has a very competitive spirit; however, she never raises her voice to the children. Sonja teaches our students how to be gracious winners and losers and is constantly re-teaching children how to solve problems, how to be a good sport, and how to compliment others no matter win or lose.

Congratulations, Sonja!

## FCCLA Competes at Region 1 STAR Events Competition

The following Barron High School and Riverview Middle School FCCLA (Family, Career, Community Leaders of America) members competed in Region 1 STAR Events competition at UW-Stout, on February 14th. STAR stands for Students Taking Action with Recognition. This year all students that competed earned scores that advanced them to state competition in April at the Kalahari in Wisconsin Dells.

Left to right, bottom: Jacqueline Erb, Megan Bartlett, Chandra Pelch, Kami Zurn, Hannah Holst, and Delaney Willers. Middle: Andrea Bates, Jordanna Bakken, Kesha Palmquist, Madeline Mickelson, Isabel Massie, Teagan Mickelson, Mackenzie Weltzin, Emma Thompson, Ashlynn Mark. Top: Ashlynn Harmon, William Weise, Michael Nichols, Cecelia Prentiss, Kylie Amundson, Sophie Kieler, Ahna Mikunda, and Isaiah Curtis.

## Fourth Grade Fun!

Mrs. Linsmeyer's 4th graders earned an extra recess and an ice cream treat in the PTA Box Top/Milk Cap competition. They brought in 1588 box tops/milk caps.

Riverview Middle School's Students of the Month, from left to right: Breydan Cuper (7th grade), William Weise (8th grade), Rena Curtis (5th grade), Ashlynn Mark (6th grade).

## Barron High School's Students on a Roll (SOAR)

### ESL

**Ayan Hussein** has worked very hard this year and is always moving forward academically.

### Science

**Hunter Schultz** has a great work ethic combined with a love for science! He asks great questions and thinks deeply about science issues.

### Fine Arts

**Andrew Smith** is a junior who goes above and beyond. He pays attention to detail and always strives to be better. He is not content with being mediocre. He also helps others along the way to be the best version of themselves.

**Ana Garcia** is a quiet-spoken freshman who works hard and is very kind to everyone around her. She has the qualities to be a leader but is also okay assisting in non-glamorous ways.

**Courtney Lanners** is a freshman who excels at singing. She works hard and is organized and trustworthy. She ran the entire backstage of the Barron County Talent Show and did not miss a beat!

**Kiley Huffman** is a creative, hardworking student that is willing to explore complicated designs to push her artistic talents.

### Language Arts

**Eli Mettner** always has his reading done and is prepared to discuss even the toughest questions. He consistently sets the curve on large exams. His writing is strong. He has a very interesting sense of humor!

### Social Studies

**Callista Jerome** excelled in 9th grade Geography. She scored very well on assessments and used time in class to meet and exceed course objectives.

**Nora Hellmann** did a fabulous job in her Psychology class. She is a great thinker and puts a lot of effort in to her work.

### PE/Health

**Caleb Williams** suffered an ACL injury and has worked very hard to work his way back into a spring sport while keeping an always delightful personality!

**Dakota Tucker** is a pleasure to have in class because of his work ethic and great attitude. He strives to do his best each day and leads by example. He is always respectful, kind, and willing to help others.

**Elizabeth Erb** excelled in Health Class second trimester and is a joy to have in class.

**Emma Knutson** excelled in Health Class second trimester and is a joy to be around.

## Being Golden

**Ahna Mikunda** has been a dependable leader at BHS this whole year. She is always willing to volunteer to do any job for Student Senate and other clubs. Ahna has helped educate our younger kids about lung health and is a positive role model to all. Ahna is dedicated to school, sports and her community. I love having her in class and know she will excel in a future health career.

**Andrew Williams** is being recognized for perseverance and progress. He has shown a lot of improvement over 2nd trimester, and has a lot to be proud of. He prioritizes his time to get assignments completed and shows a good balance between asking for help when he needs it and having confidence to try on his own.

**Asha Keith** has a smile on her face every day. She comes into Mrs. Mizer's room and hangs out with the students and also sits with them during lunch time. She is helpful, kind, and includes others. She is a hard worker and grateful to those around her.

**Gracie Smith** - Gracie has a kindness about her that draws others in. She is funny, witty, and absolutely wonderful with the students who are in Mrs. Mizer's classroom. She comes and visits all the students every morning, sits with them during lunch, and also has become a helper/tutor during resource period. She is very outgoing and has a big heart for others. She is helpful, kind, and includes others. She is a hard worker and grateful to those around her.

Front row: Elizabeth Erb, Gracie Smith, Andrew Williams, Andrew Smith. Back row: Ayan Hussein, Courtney Lanners, Ahna Mikunda, Dakota Tucker, Eli Mettner, Hunter Schultz, Ana Garcia, Callista Jerome, Nora Hellmann. Not pictured: Asha Keith, Kiley Huffman, Emma Knutson, Caleb Williams.

## 7th Grade Completes the Winter Survival Unit

The 7th graders had an amazing week working together at Camp Phillips. This is the 23rd year of this integrated unit within the 7th grade curriculum. Students were fortunate to have had the expertise of Ruth King, Nate Dodge, Dave Burke, Jim Bishop, Katie Schoenke, Jon Lantz and Sue Becker to prepare them to sleep outside in Wisconsin's frigid weather. Throughout this project, students built snow walls and used tarps to build a shelter, sewed neck and wrist gaiters, completed survival folders, took notes, passed a Survival Test, participated in an Iditarod simulation, and learned to build fires in the snow.

On Monday and Tuesday, students built their shelters with their groups, learned how to work together, delegate, cooperate and build positive relationships with their peers. Students also enjoyed a little free time enjoying Wisconsin's gorgeous winter by sledding.

On Thursday, students participated in eight team building activities: cross country skiing, toxic waste, Prouty's landing, snowshoe soccer, trust fall, meat grinder, whale watch, and buddy boards. They learned to work together as a team, and encourage, trust, and communicate with their classmates. They also learned how to be leaders, use logical thinking and problem-solve as a group. The culminating activities of sectionals and spending the night is the highlight of winter survival. This year's temperatures dipped below zero with some fierce winds. Thursday evening, students enjoyed sledding, snowshoeing, skiing and playing football in the snow.

This winter we had plenty of snow, but Wednesday's unusually warm day of 45 degrees quickly melted students' snow walls. On Thursday, prior to putting their sleep systems in their shelters, students had to make quick decisions on how to secure their tarps and fix the gaps and holes that the melted snow created for them. This two-month-long integrated unit is successful due to the hard work of staff, bus drivers, students, parents and community members willing to contribute year after year to teaching our 7th graders how to survive in Wisconsin's ever-fluctuating climate, and fostering their adventurous spirits.

A special thank you to the area businesses that support our program through product donations: Kwik Trip, Tractor Central, The Turkey Store, Bernick's, and Almema Meat Company . We could not do this without your support.

## The 2018 Forensics Season is on a roll!

Forensics is an extracurricular activity that centers around promoting literacy through reading, writing, speaking and listening. Participants have the opportunity to speak and perform using various platforms such as Extemporaneous Speech, Poetry Reading, Play Acting and more! Forensics can help build confidence, help students develop critical thinking skills and logical reasoning, increase social awareness, and also provide an outlet for creative expression.

Five students from Riverview Middle School recently competed at the Eau Claire South Middle School Level 1 Forensics Festival on Thursday, February 8th. Alexia Paulsen, Lilly Kunkel and Symmantha Schene performed a skit called "Elevator Games" by Sean Abley and received the ratings of B+, A and B+ in their three rounds. Madeline and Teagan Mickelson performed a duo skit called "Dud Wars" by Ken Bradbury. They received A-ratings in all three rounds! Their scores allowed them to advance to the Level 2 Competition at DeLong Middle School in Eau Claire on March 1st where they again received all A-ratings!

Our High School team of Melissa Yahr and Sydney Frandsen has also been busy with their skit entitled "Chair Wars" by Jerry Rabushka. They attended the

School Forensics Invitational on February 24th and then competed in the Sub-District competition in Colfax on March 7th. Their scores have qualified them to compete at the District Competition in Menomonie on March 17th. Congratulations to these students for all of their hard work!

## BHS Chamber Choir Attends Large Group Festival

The Barron High School Chamber Choir went to Large Group Festival in Rice Lake on March 13th. Large Group Festival is a competition for all choirs in Wisconsin who are members of the Wisconsin State Music Association (WSMA). Ensembles are required to compete at least once every two years. There are three categories: Class A, Class B or Class C to compete in with Class A being the most difficult. WSMA compiles a list of required music and each ensemble must choose one song from the required list for the category they wish to sing in. In addition, they choose two more songs of the

same caliber. The Chamber Choir competed in Class A singing three songs. They were judged by three judges from the WSMA. They received unanimous one ratings from each judge with exemplary comments. In addition, they worked in a clinic with Brett Robison (pictured) from Viterbo University. The best part of the day was the comments from judges and our clinician complimenting not only their singing but also their engagement, respectfulness and focus. Great job Barron Chamber Choir!

## Poster Contest Winner

Kiley Huffman placed first in the Barron County Environmental Poster Contest in the 10th-12th Grade Division and placed 2nd in the 9-County Area Contest. The high school was well-represented with winners in the local contest with the following: Grades 10-12 Division, 2nd place Hailey Cox, 3rd place Leila Dabar, Runner-Up Dylan Olson. Grades 7-9 Division winners: 3rd place Gabriel Cabral, Runners Up - Abdinoor Hussein, Tyler Hogan, Ridwan Sharif, Faith Hanson, Chesney Herrman, and Rylie Williams. Congratulations everyone!

## Morning Muffins at Almena

Thursday, March 1st, Almena parents had a chance to visit school and have a morning muffin and juice with their children, and start the day with reading a book with their kids. The celebration was a kickoff to the Dr. Seuss celebration Thursday and Friday at the school. Miss Cari Schlosser, dressed up like The Cat in the Hat, assisted the kids in making a free book selection. With Miss Schlosser is 3rd grader Ethan Eriksen, and his mom Katie.

Owen Sprague and Grant Sinclair having fun during the Morning Muffin celebration.

# ANNUAL NOTICE

## HOMELESS CHILDREN AND YOUTH

The McKinney-Vento Act defines homeless children and youth as:

Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are:

- sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason
- living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations
- living in emergency or transitional shelters
- abandoned in hospitals
- living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- migratory children who qualify as homeless because the children are living in circumstances described above

If you are personally aware of or are acquainted with any children or youth who may qualify according to the above criteria, the Barron Area School District provides the following assurances to parents and guardians of homeless children and youth and unaccompanied homeless youth:

- The child or youth shall be immediately enrolled and allowed to fully participate in school, even if unable to produce records normally required for enrollment (e.g., academic records, immunization and other required health records, proof of residency, or other documentation) or has missed application or enrollment deadlines during any period of homelessness.
- Homeless children and youths are not stigmatized or segregated on the basis of their status as homeless and have full and equal educational and related opportunities.
- Meaningful opportunities to participate in the education of their children including special notices of events, parent-teacher conferences, newsletters, and access to student records.
- Immediate enrollment and transportation to the school of origin. "School of origin" means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.
- Written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal and receive prompt resolution of such decisions.

Please contact Katarina House, homeless liaison for the Barron Area School District, at (715) 537-5612 ext. 406 or [housek@barron.k12.wi.us](mailto:housek@barron.k12.wi.us) or her assistant, Bea Lundequam at (715) 537-5612 ext. 409 or by email at [lundequamb@barron.k12.wi.us](mailto:lundequamb@barron.k12.wi.us) for additional information about the rights and services described above.
