The Golden Bears were very competitive this year by beating Rice Lake and Bloomer in the same year, while starting out 3-0. The seniors also kept up an impressive 14-0 home record over the past three years. The Bears made the season exciting with their impressive air and ground attack. Coach Mueller said, "This years seniors were very intelligent and nice kids. They proved to be great leaders." He also added, "My coaching staff did an excellent job of forming these kids into great football players." Overall it was a good season for this years Golden Bears, and look for them to be back in the hunt next season.
